

March is always NARFE-PAC Month. NARFE's Political Action Committee is a separate, segregated fund that collects, administers and disburses the voluntary contributions of NARFE donors to congressional candidates on a bipartisan basis. NARFE-PAC's goal is to harness the Association's electoral muscle as a complement to members' voting power, grass-roots activism and professional advocacy. Read more about this, and other topics, in the March issue of your NARFE magazine.
